THE LABORATORY OF CHOICE

Genesis Comprehensive Respiratory Panel

Genesis is proud to offer the FilmArray[®] Respiratory Panel (RP2), which tests for a comprehensive set of 21 respiratory viral and bacterial pathogens in less than an hour.

The Respiratory Panel identifies the most common viral and bacterial pathogens that cause respiratory tract infections that present with nearly indistinguishable symptoms.

The rapid and accurate identification of the causative agent helps determine how a healthcare provider chooses to treat an upper respiratory tract infection.

- Bio-Fire Film Array Technology
- 1 Hour Turnaround
- We Accept ALL Insurances
- 97% sensitive / 99% specific
- FDA Cleared
